Ecospecifier's role is:

✓ To provide a third party, independent and unbiased assessment of information provided by manufacturers and other sources.

✓ To assess products using Australian and International Standards, independent test data, third party research and expert opinion.

✓ To determine if products are eco and health preferable based on the premise that:
  - they exhibit one or more eco or health preferable characteristic compared to other products in their category; or
  - they are a member of a product category that is in itself an eco or health preferred category; and
  - they do not contain 'significant' ecological or health damaging content.
